

# Judge's Instructions

If there is any question about which items are in the class you are judging, please check with the Contest coordinator.

You may talk with the other judges as much as you may want. Please avoid conversation with the "public" while judging. When you make your decision of which item you believe deserves which placement, please do this on your own. You may use the paper provided for notes to yourself. All notes must be turned in to the Contest Coordinator at the end of judging.

The results from each judge will be tabulated to determine the winner. This may or may not correspond with your individual choice.

When you have completed each round of judging, turn in your "Ballot" at the Entry table. Once all judges have turned in their ballot, the results will be tabulated and the next round of judging will begin.

Please be available for pictures at 1:30 PM at the Contest Entry table.

## Fretwork—Basic Round 1

Write the number of your choice in the space below the placement.

1st	2nd	3rd	4th

These items are to be judged in this Category—Class

Sign sheet with your initials: \_\_\_\_\_
