

Reporting

As a part of SAW sponsoring your scrollsaw contest, we ask that you report to SAW the winners of the contest. The following sheets will aid in that reporting.

As the judges forms are scored, you can begin to fill out the reporting sheets. Write the Project ID # of each winner in the appropriate place for that category. A worker can then start searching thru the entry forms to identify **who** entered that winning project. When the correct entry form is found, the name, address, and project description can be added to the appropriate sheet.

This will give you a record of First thru Fourth place winners in each category, and also a list of Award of Merit winners in each category.

These sheets can then be used to aid you in completing the Award of Merit Certificates. The person's name and the project # should be placed on a certificate and then separate the certificate from the sheet.

Transfer the information for each first place winner in a category to the Major Winners Sheet. You are now prepared to record the winners of each Best In Category winner, Best In Show and Junior Scroller.

Do NOT place rosette ribbons on the winning projects. First thru Fourth place ribbons can be placed on the winning projects as soon as judging and scoring of that category is completed. Announce the Major winners publicly and present the rosettes to the individual who won them.

Please return these forms, or a copy of the completed forms, to SAW. They can be mailed to

Scrollsaw Association of the World
Box 340
116 East Lynn St.
Botkins, Oh. 45306
Phone 937-693-3309
(10:00 AM to 7:00 PM EST)

Please try to get pictures of all of the Major Winners of the contest. If you can get a picture of each of the ribbon winners also. If at all possible, try to get these pictures of the winner with their winning entry. In addition, if you can get a picture of each project that was entered in the contest, that would be wonderful. SAW would appreciate a copy of all of these pictures. Winners will be entered into the SAW Hall of Fame and pictures from the contest will be displayed on the SAW web site. These can be burned into a CD and mailed to the same address given above.

Pictures may also be used in future issues of SAW Dust.
